

All aboard the love bus to the Hard Dance Awards!

In 2007, 4000 of the most up for it party people descended on the world famous Brixton Academy for the Hard Dance Awards ceremony, so this year it's time to take the awards up the M1 motorway to the spiritual home of the scene in the North of the UK.

On Friday 29th February, the 5th Annual Hard Dance Awards powered by Trackitdown.net is being held at Plug in Sheffield.

With a line-up including superstar DJ/producers; Lisa Lashes, BK b2b Vinylgroover, Andy Whitby, Alex Kidd, Kutski, Organ Donors, Ed Real and over 25 other scene leaders on the decks you're guaranteed a storming night!

For the first time in three years the event is being held outside of London, but we want to make the party as much of a national meet-up as previous years for fans from all over the UK. Coaches will be coming from all over the country so here are a list of contacts who'll be able to take the stress out of organizing transport.

The limited coach places are on a first come first serve and this is bound to be a road trip to remember. Call your nearest contact and come and be there at the most important date in the hard dance calendar;
